**COMPUTER CONCEPTS YORKTOWN IS
GETTING AN UPDATE TO THE
STORE'S EXTERIOR APPEARANCE**

Our Yorktown Landlord recently notified us that they would be updating the appearance of the Heritage Square Shopping Center. They have completed refurbishing the parking lot by installing all-new lighting, treating the asphalt, and repainting all the lines. This week they surprised us by beginning the painting of the exterior of all the buildings. Stop by and tell us what you think.

BE AWARE OF ON-LINE AND PHONE SCAMS

The increased embrace of computers for remote work, retail purchases, and social connections has created a vast new population to target for online fraud. Such scams jumped 25 percent in 2021, according to the TransUnion credit bureau.

These factors just highlight a larger, grim picture. A recent AARP survey found that Nine of Ten Americans (229 million people) encountered a fraud attempt in the past year and that One in Six (33 million people) lost money as a result. A separate poll found that almost 60 million Americans lost money to phone scams last year. AARP is a very good

source of ways to prevent being scammed.

Call Computer Concepts if you think your computer has been scammed.
