Campaign.**

**CC Yorktown Has Won Every Year

BOTH COMPUTER CONCEPTS STORES COMPETED AGAIN IN VIRGINIA MEDIA'S "BEST OF" CAMPAIGN 2023 IN THE BEST COMPUTER SERVICE CATEGORY. THANK YOU TO ALL THAT TOOK THE TIME TO VOTE FOR US THIS YEAR.

The increased embrace of computers for remote work, retail purchases, and social connections has created a vast new population to target for online fraud. Such scams jumped 25 percent in 2021, according to the TransUnion credit bureau.

These factors just highlight a larger, grim picture. A recent AARP survey found that Nine of Ten Americans (229 million people) encountered a fraud attempt in the past year and that One in Six (33 million people) lost money as a result. A separate poll found that almost 60 million Americans lost money to phone scams last year. AARP is a very good source of ways to prevent being scammed.

Call Computer Concepts if you think your computer has been scammed.
