TAX FILING SEASON BEGINS JAN 27, 2025

TAX DAY FALLS ON TUESDAY, APRIL 15, 2025!

Tax Day is the Deadline to File Form 4868 and request an extension. This form must be filed on or before the original due date of your tax return.

If you miss the April 15 deadline, the IRS will consider your return late and you may face penalties and interest.

Missing the Tax Deadline can present serious consequences including penalties and interest. The Deadline to receive W-2 and 1099 forms is Jan. 31, 2025.

There are no IRS-issued guidelines or allowances that will let you skip filing taxes for a year.

The Personal Property Tax in Virginia is due two times a year, on June 25th and December 5th. When a tax due date falls on a weekend, it automatically extends to the next business day.

Virginia Property Taxes are used primarily to fund local amenities and services such as public schools, road maintenance, public safety, and municipal infrastructure.

In Virginia, the Personal Property Tax Rate is 3.96% of the assessed value for each calendar year.

Don't wait to start preparing for the 2025 Tax Season. "Now" is a good time to start developing your plan for preparing your 2024 Taxes. Save money by preparing your own 2024 tax forms.

If your plan includes the use of a computer, it would be a good time to have your Computer Checked and Serviced by the Tech Team at Computer Concepts. Remember, the average Hard Drive has a life expectancy of only 3 to 5 years. Computer Concepts can help you with any computer issues you might have. Call for information or drop by one of our stores to talk with one of our Techs for more help.

Our tech team is excited about Apple's recent product introduction! The all-new iMac, Mac mini, and MacBook Pro are supercharged by the next generation of Apple silicon and built for Apple Intelligence. Apple products, by design, are easy for businesses to integrate and scale in their organization.

The Computer Concepts team works to reduce the friction that can be part of the deployment process. This means new devices arrive in the hands of users more quickly. Our Tech team understands the importance of helping prepare our customer's organization for deploying and managing Apple devices.

MAC IS ENGINEERED FOR WHAT'S NEXT! ARE YOU READY?
An all-new Mac lineup has graced the market. Are you diving into the sea of opportunity? Last quarter, AI-capable PC shipments grew 49% over Q2 and are expected to become the majority in just a few years.

Today, every Mac is AI-capable including the most affordable base models.

Apple unveils the new iMac with M4, supercharged by Apple Intelligence and available in fresh colors

The world's best all-in-one desktop features even more performance, a nano-texture display option, a 12MP Center Stage camera, and Thunderbolt 4 connectivity — all in a strikingly thin design

Brother iPrint&Scan

New MacBook Pro M4

WINDOWS NEWS

Microsoft will end support of Windows 10 on October 14, 2025. Microsoft released Windows 11 on October 5, 2021.

For current Windows 10 users, there are minimum system requirements for installing Windows 11 on a Windows 10 computer. If your computer and other necessary equipment can't meet minimum Windows 11 requirements, you may not be able to install Windows 11. If this happens, consider purchasing a new or lightly used Windows 11 computer.

If you are unsure whether your PC meets these new requirements, contact our Williamsburg or Yorktown store to talk with one of our knowledgeable technicians.

ATTENTION BUSINESS OWNERS!
COMPUTER CONCEPTS MANAGED SERVICES
PROVIDER PROGRAM WILL BE AVAILABLE VERY SOON!

Every business or organization prioritizes the effectiveness of its operations. However, not every business has the resources to maintain its functionality. Many small businesses typically fall behind a larger company with newer equipment and technology.

A Managed Service Provider will help you stay in the race to keep up with the bigger companies. The Managed Service Provider (MSP) is an outsourced company contracted to remotely manage or deliver IT services such as networks, application infrastructure, or security management to a client company or organization. By assuming full responsibility for those services, an MSP determines proactively what technologies and services are needed to fulfill the client's operational and security needs including periodic security compliance certifications.

Besides offering cyber solutions to detect vulnerabilities and threats, an MSP also provides the resources to stop threats before they become detrimental to the organization. An MSP also provides proactive cloud hosting, virtualization, and backups.

Computer Concepts will provide a full MSP or tailored MSP services to assist with your Apple and Cyber Security needs.

Computer Concepts Managed Services Program Include the Following Four Apps:
Addigy, SECURITY COMPLIANCE, BackBlaze, and Watchman Monitoring

Businesses are becoming more dependent on technology requirements that ensure their critical automation network is current and fully functional. For businesses utilizing an Apple-based network, managing iOS and macOS devices can be a daunting task.

Apple continues to make periodic updates to each of its Operating Systems. Addigy can remotely schedule and deploy these system updates to your macOS, iOS, iPadOS, and tvOS devices keeping them up-to-date and fully functional.

Addigy remotely monitors your Apple products for security problems, device performance issues, and anything that might reduce end users' productivity. As the use of Apple Devices becomes more common in homes and workplaces the risk of cyber threats continues to rise. Addigy can keep your data and devices safe.

As an Addigy partner, Computer Concepts can remotely manage security services for your network to help improve your digital operations.

SECURITY COMPLIANCE

THE FTC SAFEGUARDS RULE IS DESIGNED TO ENSURE THAT COVERED ENTITIES MAINTAIN SAFEGUARDS TO PROTECT THE SECURITY OF SENSITIVE CUSTOMER INFORMATION.

Any company that receives, maintains, processes, or has access to a client's customer information is required to have "appropriate safeguards" in place to protect them. Covered entities are directed to ask service providers about their information security program, annual risk assessments, and associated data security safeguards in place.

Documenting these answers and whether these safeguards are subjected to testing and continuous systems monitoring is required. All Companies Must Be Compliant By 2025!

World's Easiest Cloud Backup Backup Your MAC or PC!

Get Peace of Mind when your files are backed up securely to a Cloud Backup.

Unlimited Storage/Computer Subscription

Provides Access Anywhere

Access Files anywhere through the Web, IOS, or Android. Wherever you are, your Files will always be with you.

Backblaze will give you Peace of Mind

Peace of Mind is what every computer owner wishes for. Watchman monitors the overall health of your computer including the system, its hard drive, backups, malware, and other components.

Watchman does not allow access to your personal data.

Computer Concepts will be offering the WATCHMAN service in our Managed Services Program.

GIVE YOUR FAMILY & FRIENDS COMPUTER CONCEPTS GIFT CARDS!
EVERYBODY LOVES TO RECEIVE A GIFT CARD!

Computer Concepts Gift Cards are available in each of our stores and redeemable at each of our store locations.

Our cards are the perfect choice for Anniversaries, Birthdays, Holidays, Graduations, and other occasions when you're just not sure what to give.

GAMERS

All Gamers want the best experience they can wring out of their systems. They are always searching for new ways to improve them by swapping components and adding new accessories to their gaming experience and their competitive edge. Don't hesitate to ask us how to build your gaming skills and make it even better.

RECYCLE YOUR OUTDATED "IT" HARDWARE
Help Save The Environment For Free

Anytime is the right time to clean, service, or replace your current computer hardware.

Wondering what to do with your old IT, "Information Technology," equipment? Many IT products have Hazardous Waste that must be processed by a registered Hazardous Waste professional to make discarded items safe!

Computer Concepts accepts broken and too-old computer products dropped off at our stores for free. Our Recycler company picks up those broken products and renders the hazardous materials safe for the environment.

Computer Concepts does not charge for damaged, and inoperable equipment dropped off at our stores for recycling.

TIME WITH A TECH

Computer Concepts has implemented a "Time With A Tech" service in each of its stores. This service will allow you to meet with one of our technicians to have your computer questions answered and technical issues solved in a One-On-One session. One of our classrooms is shown.

Time With A Tech is available in 15-minute Increments. Each increment or portion thereof costs $25; however, the minimum charge for one of these sessions is $50. Valued Customer Cardholders may use the $25 credit as authorized by their card.

GET A 10% DISCOUNT ON SERVICE

Computer Concepts gives a 10% discount on computer services to Seniors, Military Members, First Responders, and Teachers to honor their service to our country.

We also offer a 10% discount on computer services for all our current students.

DON'T FORGET TO ASK FOR YOUR DISCOUNT!

COMPUTER CONCEPTS IS AUTHORIZED TO SELL AND REPAIR APPLE COMPUTERS AND OTHER APPLE PRODUCTS

Since 2008, Computer Concepts has continued to establish itself as a quicker and more personalized alternative to the Apple Store.

Computer Concepts is the Only Apple Authorized Reseller and Service Provider in Hampton Roads.

Computer Concepts provides the industry's highest quality parts, customer experience, sales, and repair.

We offer service on your Apple devices, covered under Apple Care.

Our techs also repair Out-of-Warranty Apple computers and tech gear.

A VERY IMPORTANT NOTICE!

There are stores in our area that advertise they repair Apple products. However, they might not be using Authorized Apple Repair Parts and Procedures.

Using Non-Apple repair parts can cause problems in Apple computers and could even void your computer's warranty.

Please contact Apple, Inc. if you think someone is using non-Apple repair parts to repair an Apple device of yours or someone you know.

Computer Concepts technicians also repair Windows PC Computers and Chromebooks
